Single Transferable Vote (STV) – How it Works

- Trusts rank candidates in order of preference

   Is anyone above the required quota*?

     - Yes
       - Candidate is elected
       - Unused votes reallocated to next choices

     - No
       - Candidate(s) in last place are eliminated

*Calculated by dividing the total number of valid votes by one more than the number to be elected
