

Product Overview

How to support your workforce

From digital shift-matching, e-rostering, staff recruitment, bulletins, surveys, data visualisation and interoperability, we've got you covered

The screenshot displays the Locum's Nest mobile application interface. At the top, the user is logged in as Jenny, Practice Manager at Royal Owbery Hospital. The main screen features a calendar for August 2018, showing a 1/10 shift filled rate as of 17/08/18. A sidebar on the left contains navigation options: Filters, Dash Board, Publish a shift, My shifts, Timesheets, Settings, Export file, and Sign out. The central area lists approved shifts for the Emergency Department, including Majors SHO (Wood Pecker) and Majors Middle Grade (Albert Ross). Below this, a section titled '20 Pending Applications' shows a list of applications, with one new alert. A bottom-right overlay displays a list of available shifts for Anaesthetics at Royal Owl Hospital, with a rate of £75 per hour.

Rota.

Match.

The flagship solution that matches your shifts, with your healthcare professionals

- ✓ Post your vacant shifts in seconds
- ✓ Eliminate paper timesheets
- ✓ Simplify payroll and ensure gold-standard governance
- ✓ Build your own automation rules around approved rates of pay
- ✓ Live integration with the GMC and other professional registration bodies

Rota.

Create flexible & collaborative e-rosters with your staff's wellbeing in mind

- ✓ Save time and money by creating optimised rotas in minutes using 'auto-roster'
- ✓ Stay compliant by allocating shifts across the roster with real-time regulations keeping them in check
- ✓ Facilitate fairness by easily accommodating doctors' preferences in advance
- ✓ Connect with critical systems like ESR or use data from HES to support more intelligent, optimised rosters

Intelligence.

Harness your data today, to impact your future tomorrow

- ✓ Access a powerful reporting dashboard that displays your organisation's data in real-time
- ✓ Download NHSi-compliant reports
- ✓ Integrate all your data sources into one seamless analysis
- ✓ Forecast future workforce needs with built-in system analytics & insights
- ✓ Access real-time data on temporary staffing spend and fill-rates

Link.

Link your platforms to create a world-class end-to-end process

- ✓ Seamlessly integrate all your core workforce software into one function
- ✓ Engage with neighbouring organisations and form a collaborative bank
- ✓ Offer your workforce free and ethical on-demand pay facilities
- ✓ Become a 'bank-first' organisation
- ✓ Manage which agencies receive your unfilled shifts

PassportPlus.

Stay one step ahead with your workforce compliance

- ✓ Digitally manage your recruitment processes through the NHS-compliant 'digital passport'
- ✓ Securely store employment documents and set expiry alerts
- ✓ Access a traffic-light safety checklist on your candidate's credentials
- ✓ Boost your staff bank recruitment capabilities with additional compliance support from our partners at ACI

Community.

From announcements to staff surveys, connect with colleagues & nurture your community

- ✓ Communicate with your workforce on one platform using surveys, bulletins and more
- ✓ Target messages to different teams, departments, sites
- ✓ Embed clinical guidelines onto a highly engaging mobile platform
- ✓ Form a tightly knit social network within your organisation

Locum's Nest.
Your total workforce solution

“The concept of Locum’s Nest came from our determination and conviction to solve the staffing puzzle for professionals and organisations alike whilst working on the front line as Junior Doctors.”

— Co-Founders, Dr Nicholas Andreou and Dr Ahmed Shahrabani
